A WHITE-LABEL BUSINESS PLATFORM

One platform to run your business and keep your customers coming back.

Your website, online sales, customer list, automated emails and memberships, under your name and your domain.

Presented by Vaughn, Chief Playmaker, Grown Folks™ Collective

THE PROBLEM

Most small businesses run on a patchwork of apps.

Scattered

A website builder, a payment app, an email tool, a booking or ticket site and a spreadsheet of customers.

Costly

Every app charges its own subscription or fee, and the bill grows as the business grows.

One-and-done customers

Without a system to follow up, first-time customers forget you and never come back.

THE PLATFORM

One website and one dashboard, built around your business.

Proven in daily use: it runs Grown Folks™ Collective, an Atlanta business that sells, books and follows up with customers every week.

Your website

Every page your customers see, with checkout built in.

Your dashboard

Sales, customers, codes, messages and reports in one login.

Your automations

Welcome, reminder and come-back emails that send themselves.

SELL ONLINE

Take payments on your own site.

Services, products and bookings

Sell packages, products, classes, events or gift cards from pages that match your brand.

Money goes straight to you

Checkout runs on your own Stripe account. We never hold your funds.

Deals and referral codes

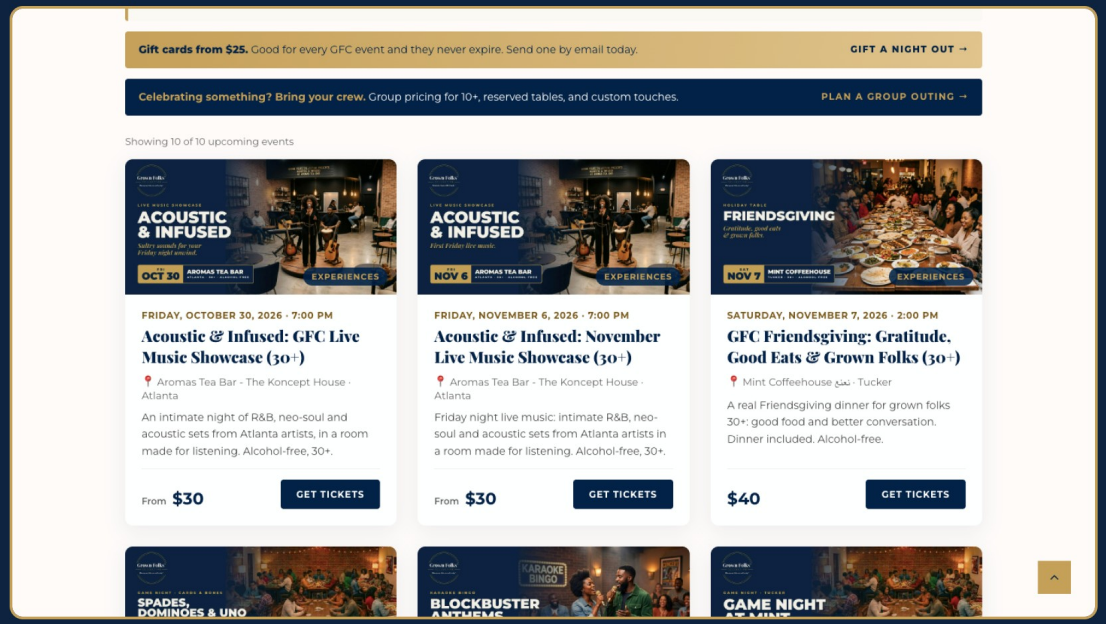

First-time offers, bundle savings and personal codes for partners that track every sale.

Trackable links

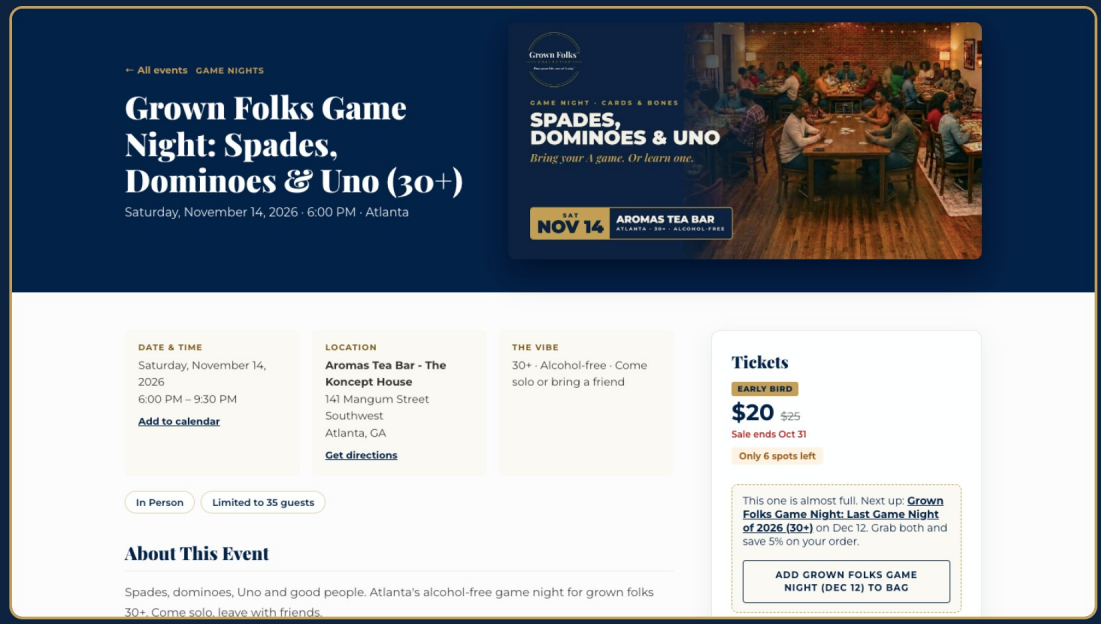

Short links and QR codes for flyers, posts and partners, so you know what brings in sales.

SEE IT LIVE

What your customers see when they buy.

Every offer on one page, with clear prices.

Early-bird pricing, “spots left” and bundle offers.

RECURRING REVENUE

Turn one-time buyers into monthly customers.

Plans and memberships

Monthly or yearly plans at different levels, billed automatically.

Member pricing and perks

Members see their own prices, early access and partner discounts.

A customer dashboard

Customers log in with a one-tap email link to see their plan and history.

Predictable income

Know what is coming in each month before the month starts.

CUSTOMERS AND FOLLOW-UP

Stay in touch without lifting a finger.

One customer list

Every buyer, subscriber and member in one place, with their history.

Signup with a welcome offer

Visitors join your list and get a one-time discount code by email right away.

Come-back emails

Customers who have gone quiet get a friendly reminder on their own.

Reviews on your site

Collect and approve reviews, then show the best ones on your homepage.

GET FOUND

Show up when people search for what you do.

A built-in blog

Write, schedule and publish posts that link straight to what you sell.

Your own link page

One link for your social bios, on your own domain instead of someone else’s.

Search-friendly pages

Clean page titles, descriptions and FAQs that Google can read and show.

Accessible and mobile-ready

Built to work on any phone and for customers using screen readers.

SEE IT LIVE

A blog that brings people back to your site.

Every post points readers to what you sell.

Pinterest sharing and affiliate notices built in.

THE DASHBOARD

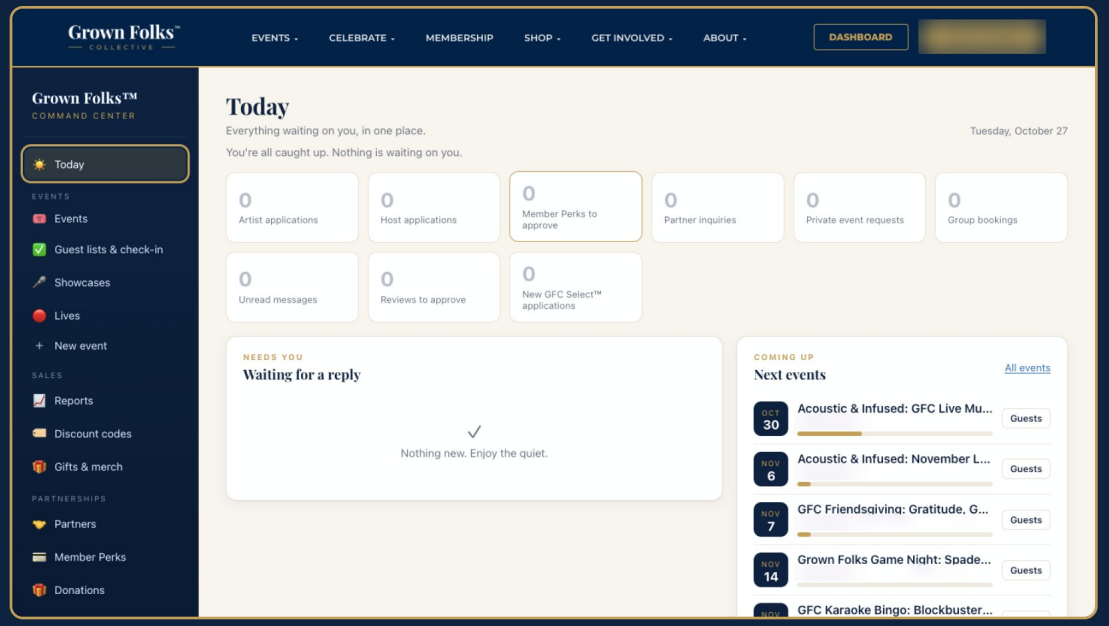

Run the whole business from one login.

Today	Sales	Customers	Reports
Plans and members	Discount codes	Subscribers	Messages
Partners	Shop and gift cards	Blog	Reviews

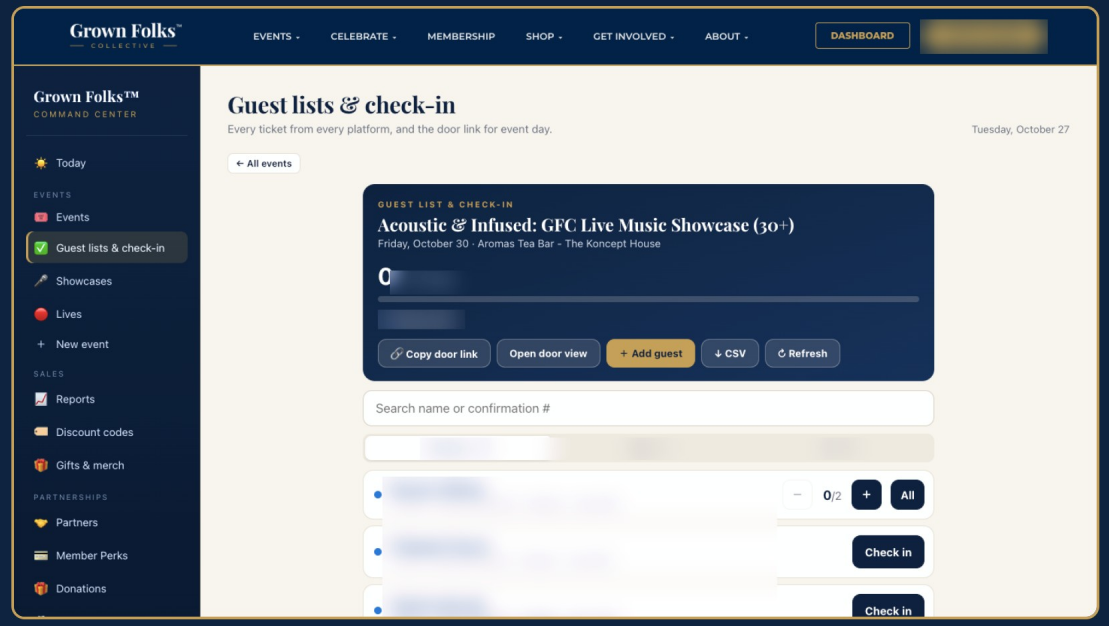

Tabs are switched on to fit your business. You only see what you use.

SEE IT LIVE

Your day, at a glance.

Today: what needs you and what is coming up.

Customer list and check-in. Details blurred for privacy.

BUILT TO FIT YOUR BUSINESS

The same tools, shaped to what you sell.

Business	Sell online	Monthly plans	Automatic follow-up
Lawn care	Add-on services, cleanups	Mowing and care plans	Seasonal reminders
Salon or spa	Gift cards, products	Monthly service club	Rebooking reminders
Fitness studio	Classes, drop-ins	Class passes	“We miss you” emails
Event host	Tickets, merch	Memberships	Next-event invites
Restaurant or café	Gift cards, catering	Rewards club	Specials and offers

IN DEVELOPMENT

Next: your social media, in the same dashboard.

Auto-replies

Someone comments a keyword on Instagram or Facebook and gets your offer by DM.

Post and schedule

Publish photos, Reels and stories to Instagram and Facebook from the dashboard.

One inbox

Comments and messages in one place, next to your customer list.

Built on Meta’s official tools, with no separate scheduling or messaging subscription.

WHAT WHITE-LABEL MEANS

Your customers only ever see you.

We set it up, host it and keep it running. You run your business.

Your brand

Your logo, colors, fonts, photos and words on every page and email.

Your domain and accounts

Your web address, your Stripe account and your email sender.

Your data

Your customer list belongs to you, ready to export anytime.

We handle the tech

Hosting, security, updates, new features and support are included.

PACKAGES

Start with what you need. Grow into the rest.

Essentials

$199/mo

$2,500 setup

Branded website, online sales and checkout, customer list, signup offer and welcome email.
